CHAPTER I

INTRODUCTION

SECTION I: SETTING THE SCENE

1. Research Question, Methodology and Structure of this Study 1
2. A Brief (and non-exhaustive) Introduction to the Digital Economy 7
3. How the Digital Economy is Challenging Tax Systems 11
4. How the Digital Economy is Challenging the EU VAT System 18

SECTION II: THE WORK DONE SO FAR AT INTERNATIONAL LEVEL TO STRUCTURE CONSUMPTION TAXATION AND ADDRESS THE CHALLENGES OF DIGITAL ECONOMY

5. OECD's First Works in the Area of Taxation of Digital Economy 21
6. International VAT/GST Guidelines 35
 - 6.1. Background and Definition of 'VAT' 35
 - 6.2. The Neutrality Principle in Cross-Border Trade 38
 - 6.3. The Destination Principle for Services and Intangibles 44
7. The VAT in the OECD BEPS Action 1 and in the Following Documents 54
 - 7.1. Background and Context 54
 - 7.2. Fundamental Principles of VAT 57
 - 7.3. BEPS 'Broad' Challenges with Regard to VAT 60
 - 7.4. The Interim Report of 2018 and the Report on the Role of Digital Platforms of 2020 67

CHAPTER II

EU VAT AND DIGITAL ECONOMY

1. Some Definitions Referred to Online Supplies: Electronically Supplied Services 73
2. The Historical Background and the Development of the Concept of Electronically Supplied Service 75

	<i>pag.</i>
3. The Most Recent Developments and the Way Toward the EU “Definitive” VAT System	81
3.1. From the ‘Expert Group’ Report to the ‘Digital Single Market Strategy for Europe’ and the ‘Action Plan on VAT’	81
3.2. The Digital VAT Package and the “Definitive VAT System”	88
4. The VAT Treatment of Electronically Supplied Services	90
4.1. The Current Legal Framework	90
4.1.1. The Place of Supply	90
4.1.2. The Identification and Localization of the Customer	92
4.2. From the MOSS (Mini-One-Stop-Shop) to the OSS (One-Stop-Shop)	97
5. The Principle of Neutrality	104
5.1. Backgrounds	104
5.2. The EU Legislation	108
5.3. The CJEU Jurisprudence	114

CHAPTER III

TAXABLE TRANSACTIONS: HOW THE DIGITAL ECONOMY IS CHALLENGING THE CATEGORIES OF ‘GOOD’ AND ‘SERVICE’

1. Introduction	121
2. The Dichotomy of ‘Good’ and ‘Service’ in the VAT System	122
2.1. Legal Background	122
2.2. The Concept of ‘Good’	125
2.3. The Concept of ‘Service’	132
2.4. Composite Transactions: How to Decide in ‘Hybrid Situations’ that Involve both Goods and Services	138
3. How Virtual Currencies Challenge the Category of ‘Goods’ and ‘Services’	145
3.1. What is a Virtual Currency	145
3.2. How can a Virtual Currency be Classified under EU VAT: The Issues, the Solutions Theoretically Adoptable and the One Eventually Adopted	148
3.2.1. The Issues Raised	148
3.2.2. The Solutions Theoretically Adoptable under the Current Legal Framework	150
3.2.3. The Solution Eventually Adopted in the <i>Hedqvist</i> Case	159
3.2.4. Preliminary Conclusions and Policy Considerations	163
4. How the Reduced Rates on Paperback Publications Challenged the Categories of ‘Goods’ and ‘Services’	164

	<i>pag.</i>
4.1. VAT Reduced Rates: The Legal Framework	164
4.2. The Debate on the Concept of 'Reduced Rate' with a Special Eye on Books and E-books	166
4.3. The Case-Law on the VAT Treatment of Books and E-books: the Facts and the Decisions in the <i>K Oy</i> Case, the Infringement Procedures against France and Luxembourg, and the <i>RPO</i> Case	172
4.4. The Legal Reasoning Underlying the Judgement Delivered in the <i>K Oy</i> Case: The Principle of Fiscal Neutrality and the 'Typical' or 'Average' Consumer	177
4.5. The Legal Reasoning Underlying the Recent Case Law on E-books	182
4.6. Policy Considerations	184
5. Proposed Solution: The Re-Shaping of the VAT Categories of 'Goods' and 'Services'	188

CHAPTER IV

TAXABLE PERSON: HOW THE SHARING ECONOMY IS CHALLENGING THE VAT CATEGORY OF TAXABLE PERSON (AND ECONOMIC ACTIVITY)

1. Introduction	201
2. What is the Sharing Economy and What VAT Issues It Raises	202
3. The Concept of 'Taxable Person'	210
4. The VAT Treatment of Sharing Economy: General Framework and Critical Issues	212
5. The Court of Justice Dealing with a Sharing Economy Business Model: A Network-Connected Photovoltaic System of Solar Panels	215
6. The Relationship between the Notion of 'Economic Activity' and the Category of 'Taxable Person' in the Context of the Sharing Economy	218
6.1. When Does the Economic Activity Begin	218
6.2. The Main Characteristics of the Economic Activity: Purposes, Results, 'Stability', and the 'Direct Link' between the Supply and Consideration	221
6.3. The <i>Wellcome Trust</i> Case: the 'Continuing Basis...' Standard, the Duration of the 'Economic Activity' and Its Scale	233
6.4. The Exploitation of 'Private Property' for Business Purposes	237
6.5. Taxable Persons Carrying out an Occasional Activity and the 'Acting as Such' Standard	242
7. Proposed Solution: The 'Injection' of 'Sales Tax Elements' into the EU VAT System	244

CHAPTER V

PLACE OF SUPPLY (OF SERVICES): ISSUES RAISED BY CLOUD
COMPUTING TO THE PLACE OF TAXABLE TRANSACTIONS

1. Introduction	259
2. What is Cloud Computing	260
2.1. General Definition	260
2.2. Cloud Computing Models	263
3. The VAT Treatment of Cloud Computing: General Considerations	264
4. The 'Place of Supply (of services)' for EU VAT Purposes	266
5. How Cloud Computing May Stress the Notion of 'Fixed Establishment'	268
5.1. Definition of Fixed Establishment	268
5.2. The Cloud Computing Facilities as a Fixed Establishment	274
6. How Cloud Computing May Stress the Notion of 'Immovable Property'	279
6.1. Definition of Immovable Property	279
6.2. The Cloud Computing Facilities as an Immovable Property	280
7. Final Evaluations on the Suitability of the Place of Taxable Supplies	283

CHAPTER VI

A NEW APPROACH TO DIGITAL ECONOMY: CONCLUSIONS

1. The Outcomes of This Research	291
2. How to Implement Re-Materialization	292
3. How to Implement Hybridization	295
4. Conclusions	300
<i>Bibliography</i>	303
